Individual solution of grease separator *EasyClean* free made for customer

Project requirements

The grease separator has to be customized to fit in the basement.

A flow rate of 12 - 13 l/s has to be met.

The products must be build of corrosion free material.

KESSEL solutions

KESSEL offers a wide range of individual solutions. The grease separator tank was adapted to perfectly fit into the room.

All *EasyClean* separators are made of polymer, making them durable and renovation-free.
